Rapid advances in information and communication technology (ICT) continue to create tremendous opportunities for economic and social gains in the world's poorest areas. A key infrastructure of knowledge-based economies. ICT is a driving force for rapidly growing new sectors. The Strategy 2020 of the Asian Development Bank (ADB) reinforces the importance of drawing on ICT to enhance development in Asia and the Pacific. In line with Strategy 2020, ADB's 2013 ICT for Development Strategy and with the support of the Republic of Korea's e-Asia and Knowledge Partnership Fund (EAKPF), this study examines and identifies opportunities for promoting ICT in ADB operations.

The substantial burden of death and disability that results from interpersonal violence, road traffic injuries, unintentional injuries, occupational health risks, air pollution, climate change, and inadequate water and sanitation falls disproportionately on low- and middle-income countries. Injury Prevention and Environmental Health addresses the risk factors and presents updated data on the burden, as well as economic analyses of platforms and packages for delivering cost-effective and feasible interventions in these settings. The volume's contributors demonstrate that implementation of a range of prevention strategies-presented in an essential package of interventions and policies-could achieve a convergence in death and disability rates that would avert more than 7.5 million deaths a year.
