Christo's life fell apart when his partner of eight years walked out on him. There wasn't even a reason for it: sometimes love just fades, as quickly and mysteriously as it appears in the first place. Enter Damien. Damien's the guy with a different man on his arm for every event, he's smooth and arrogant and always impeccably turned out. Christo hates him. But God, he's gorgeous. Damien could be exactly what Christo needs to get him over John. It's only going to be a fling. Nothing serious, nothing that will affect their working relationship or the rest of their lives. So why are they fighting through the night rather than letting go and walking away? Why does Damien's secretive nature bug Christo so much? And why does he even care that the other man might not be as tough as he pretends to be?

Owen Barnes never expected writing to make him rich, much less with a YA novel written for a bet. Being nominated for the Carnegie Medal, the most prestigious award a children's author can win, is a dream come true. But Owen's newfound fame comes at a price, and not just changing his surname to Black. Gruff, gentle building surveyor Magnus Cassidy is the first man to catch Owen's

interest in almost two years. Owen's agent, Max, might be trying to control his image, but Magnus sees the real Owen: the eyeliner, drainpipe jeans, and sexy underwear, not the Young Conservative in a tweed jacket Max is turning him into. When a photo of Owen and Magnus appears online, just weeks before the Carnegie ceremony, Max starts damage limitation. Out and proud since he was fourteen, Owen isn't going back into the closet without a fight, and he refuses to let his agent erase Magnus from his life. Encouraged by his friends, Owen lashes out, not realising his behaviour could hurt the man he's doing it all for. Can Owen find a way to reconcile his public and private lives, or has he already blown it?

In this book, an experience of real progress on the spiritual Path is described: not abstract reasoning on this topic, but the living experience of a particular person. This person is myself, and nothing that I have described is fiction. For me, this book is a method of summarizing my experiences and a way of sharing with other people the knowledge and experience that I have gained. For those readers who are not yet looking for the Truth, this book can be a stimulus to think about it. For those who have already embarked on the Path, it can serve as a guide, which can also give warnings about the possible dangers that await spiritual seekers.

At twenty-two years old, World No.6 and England's No.1, Brian Scagill has the tennis world at his feet. Last year's semifinalist, this year Brian enters England's biggest tournament determined to win. A Grand Slam on home turf is calling to him and he's not going to let anything stand in the way of victory - certainly not a cute Croatian who doesn't even play in the same league.

-Aaron Starmer skillfully welds sharp humor, deep loss, and roaring escapades. Truly the smartest and funniest book about spontaneous combustion you will ever read.---John Green, #1 bestselling author of The Fault In Our Stars With all the perfectly lovely young adult novels out there, you decided to check this one out? It's got spontaneously combusting teenagers in it, dude. Not the slow burning type either. We're talking the randomly exploding variety. Seniors in high school just walking along, heading to class, whistling Beyonce, when--WA-BAM -- they're suddenly dripping off the lockers. Is that really something you're into? Confession: I'm actually kinda into that too. So, now that we've established we're both thoroughly weird and, I assume, thoroughly open-minded, we can give it shot, right? Let's at least read the opening chapters of this bad-boy and see if it features some of the more intriguing elements such as . . . - Exploding teenagers (obviously). - Hallucinogenic mushrooms. - Pyromaniacal boyfriends. - Triplet toddlers in powder blue suits. - Amur leopards and doomsday preppers. - A foul-mouthed female POTUS. - Ashtanga yoga. - -Youtube sensations. - Self-driving Priuses. - Rogue FBI agents. - Mad scientists. - Homecoming. - Spring break. - Prom. - And . . . Jennifer Lawrence. Notice how I put Jennifer Lawrence last. She's in the book, so it's not cheating. And hey, if it takes America's most beloved movie star to sell this thing, then that's what it takes. So, in closing: Jennifer Lawrence. -Wildly inventive.---Entertainment Weekly -Must List- -A comically surreal novel that will blow your mind.---People Magazine

about to have the adventure of a lifetime! Perfect for kids who love high-stakes plots and natural disaster movies, and anyone interested in extreme weather! A little rain and wind don't worry Alejo--they're just part of life at the beach. As his padrino says, as long as there are birds in the waves, it's safe. When people start evacuating, though, Alejo realizes things might be worse than he thought. And they are. A hurricane is headed straight for Puerto Rico. Emily's brother, Elliot, has been really sick. He can't go outside their New Orleans home, so Emily decides to have an adventure for him. She's on a secret mission to the tiny island Elliot loves. She's not expecting to meet up with an injured goose or a shy turtle. And nothing has prepared her for Megastorm Valerie. Soon Alejo and Emily will be in Valerie's deadly path. Who will survive?

Critically acclaimed memoirist Aaron Hartzler, author of *Rapture Practice*, takes an unflinching look at what happens to a small town when some of its residents commit a terrible crime. This honest, authentic debut novel—inspired by the events in the Steubenville rape case—will resonate with readers who've ever walked that razor-thin line between guilt and innocence that so often gets blurred, one hundred and forty characters at a time. The party at John Doone's last Saturday night is a bit of a blur. Kate Weston can piece together most of the details: Stacey Stallard handing her shots, Ben Cody taking her keys and getting her home early. . . . But when a picture of Stacey passed out over Deacon Mills's shoulder appears online the next morning, Kate suspects she doesn't have all the details. When Stacey levels charges against four of Kate's classmates, the whole town erupts into controversy. Facts that can't be ignored begin to surface, and every answer Kate finds leads back to the same questions: Who witnessed what happened to Stacey? And

what responsibility do they have to speak up about what they saw? National Book Award finalist Deb Caletti calls *What We Saw* "a smart, sensitive, and gripping story about the courage it takes to do what's right."

At twenty-seven, Tamelik has been a slave more than half his life, having witnessed his family being murdered in front of him when he was just a child. Naturally submissive, although with a petulant streak, he can't help but fall in love with the master who treats him kindly. Tam's dreams come true when his mistress walks out, leaving her husband behind. For six glorious months, he and his master get to be together. Then Tam is ordered to purchase another slave. He wants to hate Kai for being unruly and ungrateful. For being of the same race as the men who murdered his family. For being his eventual replacement in their master's bed. But it's hard to hate a man who cries himself to sleep, flinches at the slightest touch, and blushes beautifully when he's kissed. Seducing Kai has suddenly become more challenge than chore, and with his master's encouragement, Tam finds himself falling for his new companion. Except... nobody can be in love with two people at once, can they?

Money usually solves everything... Billionaire Aaron Bryant lives and works on a knife's edge; his dark, brooding persona and fearsome reputation hide a shameful family secret. So sassy maid of honor Zoe Parker is an unwelcome distraction when, at his brother's wedding, she hides Aaron's ever-ringing phone down her tight pink dress! But Aaron's never had a problem like this before! Aaron's arrogant, skilled retrieval of his property sparks a chemistry that ends in a mind-blowing one-night stand. But such uncontrollable passion leaves an indelible mark on their lives. He never expected to see Zoe again, until two little lines appeared on

Debut author Darby Kane thrills with this twisty domestic suspense novel that asks one central question: shouldn't a dead husband stay dead? Lila Ridgefield lives in an idyllic college town, but not everything is what it seems. Lila isn't what she seems. A student vanished months ago. Now, Lila's husband, Aaron, is also missing. At first these cases are treated as horrible coincidences until it's discovered the student is really the third of three unexplained disappearances over the last few years. The police are desperate to find the connection, if there even is one. Little do they know they might be stumbling over only part of the truth.... With the small town in an uproar, everyone is worried about the whereabouts of their beloved high school teacher. Everyone except Lila, his wife. She's definitely confused about her missing husband but only because she was the last person to see his body, and now it's gone.
