Written in Accordance with CBSE Syllabus for Board Examination to be Held in 2009 and 2010 This textbook is a sequel to the Textbook of Computer Science for Class XI. It is written in a simple, direct style for maximum clarity. It comprehensively covers the Class XII CBSE syllabus of Computer Science (subject code 083). The goal of the book is to develop the student's proficiency in fundamentals and make the learning process creative, engrossing and interesting. There are practice exercises and questions throughout the text, designed on the pattern of sample question papers published by CBSE. The approach of this book is to teach the students through extensive "skill and drill" type exercises in order to make them high-ranking achievers in the Board examinations. KEY FEATURES " Provides accurate and balanced coverage of topics as prescribed in the CBSE syllabus code 083. " Builds a solid programming foundation in C++. " Students can prepare a Practical File with solved programming examples given in the text. " End-of-chapter questions help teachers prepare assignments for self-practice by the students. " End-of-chapter Programming Exercises help students in preparing for the Board practical examination. " Solved questions at the end of each chapter prepare students for the Board theory examination. For further guidance on how to use this book effectively, e-mail the author using seema_591@rediffmail.com

Keeping in mind the immense importance and significance of the NCERT Textbooks for a student, Arihant has come up with a unique book containing only and all Question-Answers of NCERT Textbook based questions. This book has been designed for the students studying in Class IX following the NCERT Textbook of Science. The present book has been divided into two parts covering the syllabi of Science into Term I and Term II. Term-I covers chapters namely Improvement in Food Resources, Matter in Our Surroundings, Is Matter around us Pure, The Fundamental Unit of Life, Tissues, Motion, Force & Laws of Motion and Gravitation. Term-II section covers Atoms & Molecules, Structure of Atom, Diversity in Living Organisms, Why Do We Fall Ill, Work & Energy, Sound and Natural Resources. This book has been worked out with an aim of overall development of the students in such a way that it will help students define the way how to write the answers of the textbook based questions. This book has answer to each & every question covered in the chapters of the textbook for Class IX Science. Also each chapter in the book begins with a summary of the chapter which will help in effective understanding of the theme of the chapter and to make sure that the students will be able to answer all popular questions concerned to a particular chapter whether it is Long Answer Type or Short Answer Type Question. The book has been designed systematically in the simplest manner for easy comprehension of the chapters and their themes. The book also covers selected NCERT Exemplar Problems which will help the students understand the type of questions and answers to be expected in the actual Class IX Science CBSE Board Examination. As the book has been designed strictly according to the NCERT Textbook of Science for Class IX and provides a thorough and complete coverage of the textbook based questions, it for sure will help the Class IX students in an effective way for Science.

The Workbook series as the name suggests has been designed by Arihant with an aim of helping students practice the concepts using hundreds of practice questions of all types which have been or may be asked in the upcoming CBSE Examinations. . It is a practice book aimed at mastering the concepts and acquiring comprehensive knowledge about the varied types of questions asked in CBSE Class 6thScience Examination. The present workbook for CBSE Class 6thScience Examination has been divided into 16 chapters namely Food: Where Does it Come From, Components of Food, Fibre to Fabric, Sorting Materials into Groups, Separation of Substances, Changes Around Us, Getting to Know Plants, Body Movements, The Living Organisms & Their Surroundings, Motion & Measurement of Distances, Light, Shadows & Reflections, Electricity & Circuits, Fun with Magnets, Water, Air Around Us and Garbage In, Garbage Out, each containing ample number of practice questions which have been designed on the lines of questions asked in previous years' CBSE Class 6thScience Examination. The book contains hundreds of practice questions like MCQs, True-False, Matching, Fill-Up, VSA, SA, LA, etc. All the questions covered in the book are strictly based on NCERT. The varied types of practice questions will make sure that the students get an insight into the kind of questions asked in the CBSE Class 6thScience Examination. This book is a proven tool to help students score high in the upcoming CBSE Class 6thScience Examination. As the book contains ample number of examination pattern based practice questions, it for sure will act as perfect practice workbook for the upcoming CBSE Class 6thScience Examination.

Recommended for primary and middle school students, Universal Science is a series of eight books that adheres to the National Curriculum Framework (2005). The books have been designed in accordance with the latest guidelines laid down by the National Council of Educational Research and Training.
