4 Eight Essential Components of Communication The communication process can be broken down into a series of eight essential components, each of which serves an integral function in the overall process: 1. Source 2. Message 3. Channel 4. Receiver 5. Feedback 6. Environment 7. Context 8. Interference. Source. The source imagines, creates, and sends the message.

### Eight Essential Components of Communication ...

Types of Communication. Any time we share information with others we are communicating. In fact, the word communicate derives from the Latin word communicare which means "to share "or" to make something common". Communication is the exchange of information between two or more people who convey intended meanings through a shared system of rules, such as the English language.
