The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world's most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form's most coveted asset. Culo by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty.

Toni Davis's Christmas wish list 1. Springing my best friend from the psych ward. 2. Living somewhere that doesn't have coffins in the basement. Occupied coffins. 3. Finding Mr. Right. Please make him tall, dark, handsome, and alive. This Christmas isn't so merry for Toni. Her

best friend's been locked up in a mental hospital ever since she told the police she was attacked by vampires, and the only way for Toni to get her out is to prove that bloodsuckers really do exist. So she's taken a job as a bodyguard for the Undead, but she gets more than she bargained for, especially when she meets Ian MacPhie, a Scottish rascal looking for Ms. Right. Although Ian's nearly five centuries old, he looks and acts like a twenty-seven-year-old hunk. How can a dead man be so damn sexy? Could Mr. Wrong be Mr. Right? One forbidden kiss could lead to an eternity of passion—and all it takes is one moment under the mistletoe . . .

Alice Fulton, the judge for the 1998 Walt Whitman Award, calls *Once I Gazed at You in Wonder* "quite simply, the most endearing book I've read in some time." Readers of this audacious and, yes, endearing collection will agree. Jan Heller Levi has said that her poems are not confessions but conversations. Here, then, are her conversations with the world. What sets Levi apart, however, is that she lets the world answer back. Difficult fathers, ineffectual mothers are forgiven; ex-lovers are blessed. Sophisticated but never jaded, this poet looks in wonder beyond the self: a cup of coffee in one of New York's ubiquitous Greek diners can launch Levi into a meditation on truth versus compassion; a suite of elegies for her mother takes us from a hospital corridor to the studio of a television talk show where God is the guest; a poetry reading in which she shares the stage with a folk singer illustrates Levi's gift for illuminating the absurd textures of late-twentieth-century existence. Don't you have any happy poems? he wondered. Don't you have any cancer songs? I asked. With the narrative drive of great fiction, the consolations of philosophy, and the rigor of art, *Once I Gazed at You in Wonder* marks the entrance of a much-needed new voice and vision in the conversation that is American poetry.
