1 – Make an Observation. You can ' t study what you don ' t know is there. This is why scientists are so curious—they ' re always looking for patterns, trends, questions, and problems that we don ' t understand. Once a scientist finds a really interesting pattern that they want to know more about, they move onto the next step.

"Provides an introduction to the scientific method for young readers, using easy-to-do experiments about life science"--Provided by publisher.

Throughout the world, teaching is looked at as one of the most respected and noble profession a person could have. A great teacher not only shows the right path that a student should follow but also prepares the human resources for the further development of the nation. Among various exams CTET is the most popular teaching exam in the country. Central Teaching Eligibility Test (CTET) is a national level test conducted by CBSE twice a year to recruit the eligible candidates as teacher. The exam is conducted into 2 papers: Paper 1 for class 1-5 and Paper 2 for class 6-8. Any candidate who is interested to become a teacher for classes 6 to 8 then they have to appear for both the papers. The new the edition of Study Guide ' Success Master CTET Social Science/ Studies Paper – II ' has been prepared completely on the latest exam pattern.
