More Than Quality Whaley Food Service

People are more likely to eat healthier foods such as vegetables when they are closer in price to unhealthy foods, US research reveals. Scientists from Drexel ' s Dornsife School of Public Health made this conclusion following an investigation on the effect that price difference has on diet quality in the US. They examined data from 2,765 [...]

"A hilarious read when you're feelin' down and hungry."—Daily Candy Life's little pitfalls can be a real drag: being dumped, fired, or left at the altar—there're all such downers. Sure, some might just grin and bear it, but why? Hilarious author Heather Whaley advises readers to revel in their misery, offering a slew of side-splittingly skewed recipes, each perfect for a different, wretched moment, including: • Lonely Christmas pudding • Caught Mom and Dad in the Act Tater Tot Casserole • Your brother Really Was Mom's favorite peach pie • fannie Mae and freddie Mac 'N' Cheese • breakfast Sandwich for Morning-After Regret In the wonderfully perverse tradition of Amy Sedaris's bestselling I Like You, Eat Your Feelings makes the perfect gift, reminding us that food and booze—unlike fair weather friends or your 401K—will never let you down.

2014 NATIONAL BOOK AWARD FINALIST Travis Coates has a good head...on someone else ' s shoulders. A touching, hilarious " tour de force of imagination and empathy " (Booklist, starred review) from John Corey Whaley, author of the Printz and Morris Award –winning Where Things Come Back. Listen—Travis Coates was alive once and then he wasn ' t. Now he ' s alive again. Simple as that. The in between part is still a little fuzzy, but Travis can tell you that, at some point or another, his head got chopped off and shoved into a freezer in Denver, Colorado. Five years later, it was reattached to some other guy ' s body, and well, here he is. Despite all logic, he ' s still sixteen, but everything and everyone around him has changed. That includes his bedroom, his parents, his best friend, and his girlfriend. Or maybe she ' s not his girlfriend anymore? That ' s a bit fuzzy too. Looks like if the new Travis and the old Travis are ever going to find a way to exist together, there are going to be a few more scars. Oh well, you only live twice.

(Meredith Music Resource). A collection of short, graduated studies for teaching or learning to read rhythms. Exercises cover all fundamental rhythms, meters, and mixed meters. Ideal as a supplement or primary reading method. Useful for any instrument or voice.

Reopening the canons of the Beat Generation, Blows Like a Horn traces the creative counterculture movement as it cooked in the heat of Bay Area streets and exploded into spectacles, such as the scandal of the Howl trial and the pop culture joke of beatnik caricatures. Preston Whaley shows Beat artists riding the glossy exteriors of late modernism like a wave. Participants such as Lawrence Lipton, Lawrence Ferlinghetti, and at great personal cost, even Jack Kerouac, defied the traditional pride of avant-garde anonymity. They were ambitious to change the culture and used mass-mediated scandal, fame, and distortion to attract knowing consumers to their poetry and prose. Blows Like a Horn follows the Beats as they tweaked the volume of excluded American voices. It watches vernacular energies marching through Beat texts on their migration from shadowy urban corners and rural backwoods to a fertile, new hyper-reality, where they warped into stereotypes. Some audiences were fooled. Others discovered truths and were changed. Mirroring the music of the era, the book breaks new ground in showing how jazz, much more than an ambient soundtrack, shaped the very structures of Beat art and social life. Jazz, an American hybrid—shot through with an earned-in-the-woodshed, African American style of spontaneous intelligence—also gave Beat poetry its velocity and charisma. Blows Like a Horn plumbs the actions and the art of celebrated and arcane Beat writers, from Allen Ginsberg to ruth weiss. The poetry, the music, the style—all of these helped transform U.S. culture in ways that are still with us. Table of Contents: Introduction: Opening Measures 1. Horn of Fame 2. On the Brink 3. Celluloid Beatniks 4. Ready for Breakfast 5. Howl of Love Conclusion: The Horn Keeps Blowing Notes Credits Index Mr. Whaley, in this book, takes an academic approach to a subject that is just now beginning to attract scholarly interest. He thoroughly fleshes out a range of sources that span the artistic spectrum in order to give balance and objectivity to his treatment of American culture during the bebop and beat eras. The 1960s, with the Civil Rights Movement, the advent of hippie culture, and the protests against the Vietnam War, has long garnered attention from scholars, writers, musical historians, and filmmakers alike. In the popular conception of pop culture, the 1950s are often labeled boring or drab by comparison. Preston Whaley's analysis, however, will go a long way toward identifying the cultural movements of the 1940s and 1950s as part of a linear whole, a direct predecessor of the cultural revolution of the late 1960s. --Douglas Brinkley, author of World War II: the Axis Assault, 1939-1942 This book has a nice exuberance and conviction, a consistent vision and a persuasively engaging tone. It has a winsome, masculinist, optimistic, expansive style that is reminiscent of beat literature itself. --Maria Damon, author of The Dark End of the Street: Margins in American Vanguard Poetry Whaley's Blows Like a Horn made me want to read ruth weiss, see The Subterraneans, reread Visions of Cody and well, I already listen to Coltrane and read Howl all the time ... but these are signs to me of a very effective book. Whaley wants to find a new way of talking about the Beats and post-Beat culture, one that doesn't fall into the rhetoric of liberation and resistance that is so common in the analyses of this genre, or to the cultural studies critiques of the beats that have pointed out the movement's appropriation by the hegemonic structures of Western, white, patriarchal, hetero capitalism and left it there. Whaley looks for a hitherto ignored space in Beat culture in which the aspirations, experiments and prejudices of the Beats can be directly related to precisely the kind of struggles that cultural studies itself is engaged in as a field. The Beats may not solve all problems, but they are aware of many of them, to varying degrees. There's a subtle, improvisatory quality to Whaley's writing that mirrors the kind of in situ politics and aesthetics that he's trying to evoke in Beat culture. He moves between high and low, personal and theoretical as the situation needs. He talks to the reader directly. There's a refreshing directness here, a willingness to address fundamental human situations. --Marcus Boon, author of The Road of Excess: A History of Writers on Drugs

Agraphobic sixteen-year-old Solomon has not left his house in three years, but Lisa is determined to change that--and to write a scholarship-winning essay based on the results.

Robert Whaley has more than twenty-five years of experience in the world of finance, and with this book he shares his hard-won knowledge in the field of derivatives with you. Divided into ten information-packed parts, Derivatives shows you how this financial tool can be used in practice to create risk management, valuation, and investment solutions that are appropriate for a variety of market situations.

Emily Whaley presents a selection of amusing stories and practical advice to provide fellow gardeners with hints for their own gardens

Provides basic information that is essential to the delivery of safe comprehensive and holistic nursing care to children and their families.

Ideal in introductory courses dealing with grammatical structure and linguistic analysis, Introduction to Typology overviews the major grammatical categories and constructions in the world's languages. Framed in a typological perspective, the constant concern of this primary text is to underscore the similarities and differences which underlie the vast array of human languages.

Seventeen-year-old Cullen's summer in Lily, Arkansas, is marked by his cousin's death by overdose, an alleged spotting of a woodpecker thought to be extinct, failed romances, and his younger brother's sudden disappearance.
