The Historical Dictionary of Organized Labor looks at the history of organized labor to see where it came from and where it has been. This is done through a chronology, an introductory essay, appendixes, a glossary of terms, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on most countries, international as well as national labor organizations, major labor unions, leaders, and other aspects of organized labor such as changes in the composition of its membership. This book is an excellent access point for students, researchers, and anyone wanting to know more about organized labor.
