The tragedy of Romeo and juliet - the greatest love story ever.

From off a hill whose concave womb re-worded
A plaintful story from a sistering vale,
My spirits to attend this double voice accorded,
And down I laid to list the sad-tun'd tale;
Ere long espied a fickle maid full pale,
Tearing of papers, breaking rings a-twain,
Storming her world with sorrow's wind and rain.
Upon her head a platted hive of straw,
Which fortified her visage from the sun,
Whereon the thought might think sometime it saw
The carcase of a beauty spent and done.
Time had not scythed all that youth begun,
Nor youth all quit; but, spite of Heaven's fell rage
Some beauty peeped through lattice of sear'd age.
Oft did she heave her napkin to her eyne,
Which on it had conceited characters,
Laund'ring the silken figures in the brine
That season'd woe had pelleted in tears,
And often reading what contents it bears;
As often shrieking undistinguish'd woe,
In clamours of all size, both high and low.

The Taming of the Shrew is a comedy by William Shakespeare. It was one of his earlier plays, believed to have been written between 1590 and 1594. The play begins with a framing device in which a drunkard is deceived into thinking he is a nobleman who then watches the "play" itself, which depicts a nobleman, Petruchio, who marries an outspoken, intelligent, and bad-tempered shrew named Katherina. Petruchio manipulates and "tames" her until she is obedient to his will. The main subplot features the courting of Katherina's more conventional sister Bianca by numerous suitors.

The astonishing novel Brave New World, originally published in 1932, presents Aldous Huxley's vision of the future -- of a world utterly transformed. Through the most efficient scientific and psychological engineering, people are genetically designed to be passive and therefore consistently useful to the ruling class. This powerful work of speculative fiction sheds a blazing critical light on the present and is considered to be Aldous Huxley's most enduring masterpiece. The nonfiction work Brave New World Revisited, first published in 1958, is a fascinating work in which Huxley uses his tremendous knowledge of human relations to compare the modern-day world with his prophetic fantasy envisioned in Brave New World, including the threats to humanity, such as overpopulation, propaganda, and chemical persuasion.
