Now in a revised, updated, and expanded third edition, *The Gifted Kids' Survival Guide: For Ages 10 & Under* is a guide for young gifted and talented children who may not think their talents are a gift. With much advice for young people about understanding their gifts and learning that being brainy is not a detriment, *The Gifted Kids' Survival Guide* is the perfect gift for the under-confident and over-skilled young reader.”—The Midwest Book Review, Reviewer's Choice

## **Gifted Guide**

In my experience, anger in gifted children is often fueled by anxiety, a common byproduct of various overexcitabilities. And if anxiety triggers a fight-or-flight response, some gifted children are going to fight. If your child is indeed anxious, the first step is to help them learn how to self soothe and regulate their own emotional state.

Everybody knows a bright child who works hard and is considered a high achiever in school. Typically these children are in the top 10 to 15% of intellectual ability; but what of the children who are in the top 5% category and above? It's this group that is sometimes referred to as gifted, talented or exceptionally able.
