Walker Percy is my favorite writer. The guy is fascinating--and just had his finger on the pulse of the 20th century. That said, I would discourage anyone from reading The Thanatos Syndrome—unless you are already a Percy fanatic and have read his first four novels: The Moviegoer, The Last Gentleman, Love in the Ruins, and Lancelot,

The Thanatos Syndrome is a science fiction book by Walker Percy. First published in 1987, the book takes place in an alternate-1990s where scientists uncover a substance that promises to reform human behavior. The question raised by the novel is whether it 's ever appropriate to change human nature, even if humanity seems
