Introduction | Your Strategy Needs a Strategy | Collections

" Your Strategy Needs a Strategy provides a compelling and timely guide to strategy and execution. It explains how strategy is contingent on the environment and why, especially in unpredictable environments, some companies will need to delegate decision-making power and resource-allocation power to self-organizing teams and encourage everyone to create value for their users. "

Your Strategy Needs a Strategy - Harvard Business Review

Adopting multiple approaches and processes simultaneously requires a reconception of the role of the strategy department. As the guardian of strategy, the strategy function should aim to move the organization away from a monolithic approach and towards an ambidextrous approach—developing the ability to implement a variety of strategy processes.

Your Strategy Process Needs a Strategy - BCG Global

The strategy palette A useful way to present the diverse business environments and the optimal strategic approaches is through the strategy palette.2 It uses three dimensions: predictability (can we predict and plan it?), malleability (can we shape it?) and harshness (can we survive it?).

Your Strategy Needs a Strategy - IMD business school

In BCG ' s previous research, published in Your Strategy Needs a Strategy, we identified five distinct business environments, each of which requires its own approach to strategy and execution. Classical. For markets that are predictable, analyze the drivers, plan your actions, and execute those actions. Adaptive.

Your Capabilities Need a Strategy: Choosing and Developing ...

Although many industry factors will play into the strategy you actually formulate, you can narrow down your options by considering just two critical factors: predictability (How far into the future and how accurately can you confidently forecast demand, corporate performance, competitive dynamics, and market expectations?) and malleability (To what extent can you or your competitors influence those factors?).

Free eBook - Why Your Cloud Strategy Needs a Data Strategy

Your business strategy is an essential tool to help fulfil your organisation ' s potential. Like most, it probably includes some HR targets, perhaps to do with employee engagement scores, turnover or diversity. If you are like the majority of businesses, though, it is unlikely to address the question of how to shape the workforce of the future.
